GERMANS LAUNCH NEW ATTACK ON DVINSK

Furious Effort Is Reported to Take Fortress From North; Paris Reports a German Defeat at Loos.

(By Evening Herald Leased Wire)
New York, Oct. 8.—G. Anderson won the 350-mile automobile race for the Astor cup at the New Sheephead Bay speedway today. His time was three hours, 24 minutes and 42 seconds, making a world's record in ten minutes, 42.38-100 seconds. His average for the entire distance was 102.6 miles an hour.

Tom Rooney was second, 17 seconds behind Anderson, and Ed O'Donnell was third, fifteen minutes and 13 seconds behind the winner.

P. Henderson was fourth and Tom Aley was fifth.

The race was marked by the terrific pace set by the majority of the drivers throughout the contest. The speed maintained was so terrific that more than half of the drivers, including many favorites, were forced out of the race through broken parts or engine trouble.

Anderson's time was 3 hours, 24 minutes and 42 seconds, an average of 102.6 miles.

Gowen's time was 3:22.19, an average of 102.19. Both orbital time. Both broke the world's record of 3 hours, 25 minutes, 28.38 miles an hour.

Bob Birrell was forced out of the race by engine trouble a few miles from the finish.

O'Donnell finished third. His time was three hours, 28 minutes and 53 seconds. His average was 98.12 miles.

There still remains a slight element of doubt as to the attitude of Greece. Allied troops to the number of 12,000 are reported to have landed already at Saloniki.

The Serbians are now marching on attempt to take Durmec from the north. A desperate action has been fought ten miles north of Durmec and the Russians admit loss of part of their forces. From Durmec to the Lida-Moldedine railroad road, some 100 miles, are claimed by the Russians. On the rest of the eastern front, it is doubtful which side is really on the defensive. German artillery is being concentrated along the whole of the western front.

Paris, Oct. 8, 1915, 8 p.m.—The reports of the night indicate that the German losses in the offensive of yesterday against the positions of the allies near Long were very heavy. This information was given out by the French war office this afternoon.

Today's War Summary

Strong representations to Greece against the landing of French and British troops at Saloniki have been made by Bulgaria, a London news agency dispatch from Sofia states.

Great Britain and France are determined to push through with the military expedition started for the Serbian front from through Salonic, according to Athens' advice received last night in Rome. King Constantine, it is stated, was given to understand this is a plain spoken statement by the British minister at Athens.

Sinking of a German transport by a British submarine in the Baltic has been announced by the Russian war office.

Two British steamers, the Suez and the Sewwy, each of 3,500 tons register, have been sunk, presumably in the course of German submarine activity.

MANAGERS DRAFT REPLY TO HUNT LETTER ASKING RETURN FOR A CONFERENCE

Heads of Clifton-Morenci Copper Mines Slow to Accept Arizona Governor's Safe Conduct Assurance.

MINERS REFUSE TO GIVE UP UNION AFFILIATIONS

Leaders Will Leave District, They Say, While Negotiations Are Under Way, But W. F. of M. Must Stay.

(By Evening Herald Leased Wire)
Philadelphia, Oct. 8.—The managers of the closed mines in the Clifton-Morenci-Metcalif district of Arizona in their replies to Governor W. P. Hunt's proposal for a conference to attempt to reach a settlement, made public here today, accuse the governor of making "inflammatory speeches" and of "open and encouraging affiliation with the leaders of the Western Federation of Miners." The leaders of the miners expressed a willingness to enter into arrangements for resumption of operations, on condition that "the atmosphere must be entirely clarified of the dominating influence of the Western Federation of Miners, under whatever name, title or disguise it may take on."
